**2023 HOUSING AUTHORITY BUDGET
NARRATIVE AND INFORMATION SECTION**

2023 HOUSING AUTHORITY BUDGET MESSAGE & ANALYSIS

Dover Housing Authority

FISCAL YEAR: October 01, 2023 to September 30, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2023 proposed Annual Budget and make comparison to the Fiscal Year 2022 adopted budget for each Revenue and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The FYE 9/30/24 budget for the Dover Housing Authority is not significantly different for the FYE 9/30/23 budget. The authority continues to incorporate fiscally sound policies that allow it to provide decent, safe, and affordable housing to the population it serves. Once again the Authority is budgeting for and increase in surplus for both the Public Housing Management and Housing Choice Voucher Programs while budgeting to "break even" on its ROSS Program. The PHA is expecting higher rental income as the new tenants have slightly higher incomes. Interest Income is also expected to rise significantly because of rising interest rates and a new fiscal policy which incorporates purchasing CDs at higher rates. Finally, the FSS grant is now being funded at a full time position instead of a part time position. On the appropriations side the HA is budgeting for certain line items to have changes of more than 10% even though the dollar amounts of those changes are relatively minor. Legal expense is budgeted to increase as the HA has a contract with an attorney using an hourly rate as opposed to a flat fee. Staff Training is expected to decrease as the commissioners have completed their required training. Miscellaneous Administrative Expense is expected to increase on the Voucher Program because the HA contract for FSS services will be based on a full time position as mentioned above. Finally, the PILOT expense is expected to increase due to the increased rents affecting the formula calculation. As noted, the Authority is committed to continually providing excellent services to its tenants in a fiscally sound manner.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital/Program

While the economy is currently unstable and inflation costs are increasing dramatically in some sectors, it is not expected to impact the Authority in a detrimental manner because HUD has continued to provide subsidies and has provided additional funding to combat the effects of the Pandemic on the seniors and low income families. It would not affect the Capital budget either, because the HA only budgets for capital improvements once the funding is made available from HUD.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.). If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.

The Authority is not budgeting to use Unrestricted Net Position during the FYE 9/30/24. The Authority has a significant balance in its pre 2004 Section 8 Administrative Fee Reserves that is available should the need arise. The use of such funds is permitted by HUD regulations and would be accomplished through equity transfers if required. The Authority, however, has presented a conservative budget and is not anticipating using Unrestricted Net Assets during the coming fiscal year.

2023 HOUSING AUTHORITY BUDGET MESSAGE & ANALYSIS

Dover Housing Authority

FISCAL YEAR: October 01, 2023 to September 30, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as PILOT payments, or a shared service and explain the reason for the transfer. Housing Authorities cannot transfer Unrestricted Net Position.

The Ha will not be making any "transfers" to the county or municipality. It is, however, budgeting to make the annual PILOT Payment to the Town as part of its normal operating budget. The funding for this payment comes directly out of operating subsidies provided by HUD.

5. The proposed budget must not reflect an anticipated deficit from 2023 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

There is no anticipated deficit for the FYE 9/30/24. The balance sheet of the Authority does, however, indicate a net deficit in the most recent audit report. The net deficit is strictly the result of implementing GASB 68 and GASB 75 which required the HA to book Unfunded Pension Liabilities (as participants in the NJ PERS System) and Other Post Employment Benefit (OPEB) Liabilities. These significant liabilities would require the HA to seek additional funds from HUD and/or use Pre 2004 Administrative Fee Reserves to meet future payments if required. In addition, the Authority will have significant pension savings since the payment for an early retirement incentive came to an end. These funds will be available for other uses.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report.

1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program (this may include the governing body or certain officials such as planning boards, Construction Code Officials) as to these projects?

2. Has each capital project/project financing been developed from a specific plan or report and have the full life cycle costs of each been calculated?

3. Has a long-term (5 years or more) infrastructure needs and other capital items (vehicles, equipment) needs assessment been prepared?

4. If amounts are on Page CB-3 in the column "Debt Authorizations", indicate the primary source of funding the debt service for the Debt Authorizations (example - HUD).
